PROFESSIONAL SUMMARY

MERN Stack Developer with hands-on experience building web applications using JavaScript, React, Node.js, Express, and MongoDB. Strong foundation in RESTful API design, JWT authentication, and responsive UI development. Eager to contribute to real-world projects and write clean, maintainable code.

SKILLS

Frontend: Next.js, React.js, Redux (basic), HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI

Backend: JavaScript (ES6+), Node.js, Express.js, RESTful APIs, backend development

Databases: MongoDB, PostgreSQL (basic understanding)

Integrations & APIs: Payment Gateways (Stripe, Razorpay), File Uploads (Multer, Cloudinary), AI & External APIs (Gemini, OpenAI, MongoDB API)

Tools & Platforms: Git, GitHub, Postman, Visual Studio Code, Figma, AWS

Core Concepts: RESTful APIs, MVC Architecture, Authentication & Authorization (JWT), CRUD Operations, Cross-browser compatibility, Basic Database Design

PROFESSIONAL EXPERIENCE

Software Engineer Intern, SOS-School Of Skills:

Aug 2026 – Sep 2026

- Architected a MERN Stack Intern role contributing to the development of web applications using MongoDB, Express.js, React.js, and Node.js
 - Delivered responsive frontend components and backend APIs through development and maintenance
 - Implemented CRUD operations, authentication, and database integration
 - Collaborated with the development team to debug issues and improve application functionality
-

PROJECTS

EduSphere – Online Learning Management Platform: [Demo](#) [Github](#)

React (Vite), Tailwind CSS, Node.js, Express.js, MongoDB, JavaScript, JWT authentication, Cloudinary, MVC Architecture

- Developed a full-stack online learning management platform for managing users, courses, and learning content.
- Built a responsive frontend using React (Vite) and Tailwind CSS with reusable components and clean UI design.
- Implemented MVC architecture to maintain clear separation of models, controllers and routes.
- Designed and developed RESTful APIs for authentication, course management and content access.
- Implemented JWT-based authentication with role-based access for students and administrators.
- Designed structured MongoDB schemas for users, courses, and enrolments with proper relationships.
- Implemented CRUD operations for course and user management.
- Focused on clean API design, validation, and centralized error handling.
- Tested APIs using Postman and managed version control with Git & GitHub.

Portfolio Builder - React, Vite, GitHub API

[Demo](#) [Github](#)

- Built with React and Vite for fast performance and a modern user experience.
- Instantly generates a professional developer portfolio using a GitHub username.
- Automatically fetches and displays GitHub repositories.
- Analyses and highlights top programming languages used across projects.
- Creates a clean, responsive, and visually appealing portfolio layout.
- Generates a shareable portfolio without requiring any setup or sign-in.
- Ideal for developers who want to showcase their projects quickly and effortlessly.

Carverse – Automotive Marketplace Platform

[Github](#)

React (Vite), Tailwind CSS, Node.js, Express.js, MongoDB, JavaScript, Multer

- Built a full-stack automotive marketplace platform for browsing, listing, and managing car listings.
- Developed a responsive frontend using React (Vite) and Tailwind CSS with dynamic data rendering.
- Designed and implemented RESTful APIs using Node.js and Express.js.
- Implemented JWT-based authentication and authorization for secure user access.
- Structured MongoDB schemas for users and car listings with proper indexing for efficient queries.
- Developed CRUD functionality for car listings, user profiles, and advanced search/filter features.
- Integrated image uploads for car listings using Multer.
- Implemented robust error handling, input validation, and standardized API responses.
- Tested backend APIs using Postman and managed version control with Git and GitHub.

EDUCATION

Bachelor of Computer Applications, SES College, Sreekandapuram

Jun 2023 - Mar 2026

Higher Secondary Education, Bio Science, Government Higher Secondary School, Koyyam

Jun 2021 - Jan 2023

CERTIFICATIONS

Software Engineer Intern Certificate, HackerRank	Sep 2026
Claude Code in Action, Anthropic	Aug 2026
Claude code 101, Anthropic	Aug 2026
Foundations of Prompt Engineering, AWS Skillbuilders Community	Aug 2026
Introduction to Generative AI, Google	Jul 2026
Gemini for end-to-end SDLC, Google	Jul 2026
